**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

When my internet connection was with the local cable company, it just wasn't fast enough for my large graphic design files. Clients were frustrated at the time it took to see the work they were paying for. We tried moving to local DSL, but it was worse. When we found that there was a local provider who was using fiber optics, we tried that. Now, the speed is so much better and my clients are happy. And it costs less too!
